Gaylord Filter Covers:

GN3442 - Fits 34" x 42" Gaylord. The cover features two access ports sized to accept a 2" to 2.75" diameter vacuum wand. They are located in opposite corners of the cover so that operators can reposition the vacuum wand as material shifts in the gaylord. The ports include an elastic band for a tight seal and a zipper to close one or both openings when not in use. An elastic band around the skirt holds the cover in place.

GP3442 - Same as above except comes standard with a single port located in the center of the cover and a belt with buckle to more securely hold the cover in place. Port size is specified by the customer within a range of 2" to 20" diameter. Designed to reduce the mess associated with pneumatic loading of material into gaylords. Specify diameter of port when ordering.
