

# THE EXPERT IN "PARTS MANAGEMENT SYSTEMS"

## Mold Side Curtains

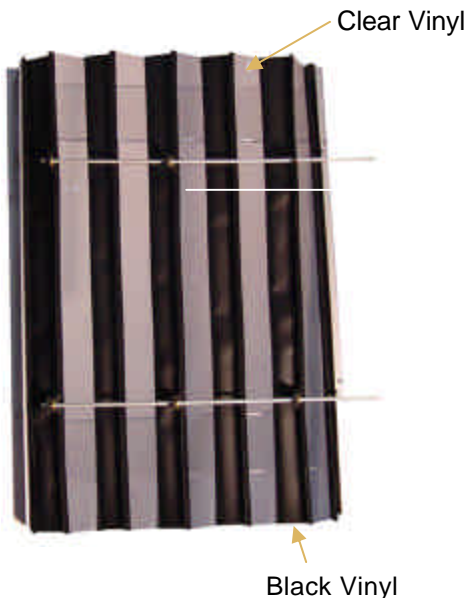

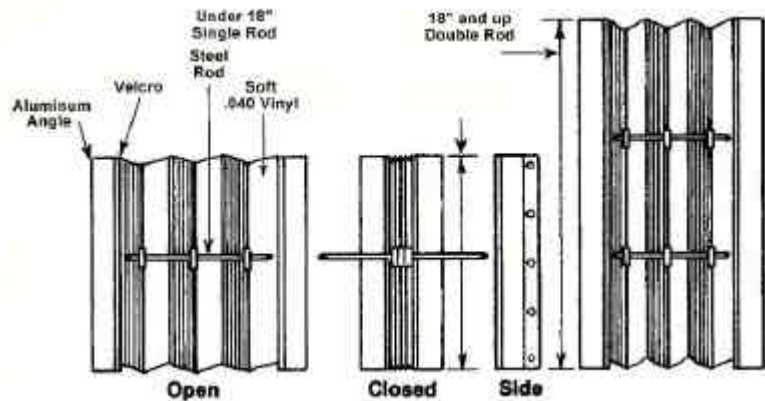

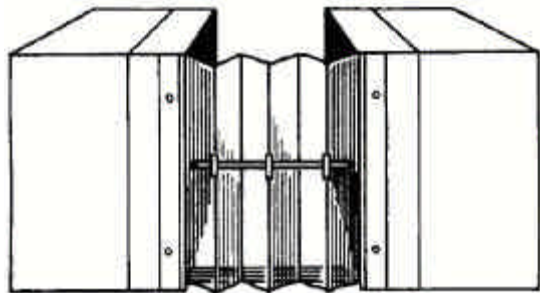

Mold Side Curtain shown in combination with Tie Bar Sleeves and Guideskirt

**Prevents contamination, lost or damaged parts**

**Mold Side Curtains** provide a means of confining molded parts on multi-cavity molds that have a tendency to fly out the sides thus reducing the risk of contamination. Loss or damage.

- Custom made to meet your requirements
- Velcro permits easy opening of curtain for quick access to mold cavities or cores
- Clear vinyl aids in visibility to the molding area.
