TIE BAR SLEEVE INSTALLATION INSTRUCTIONS

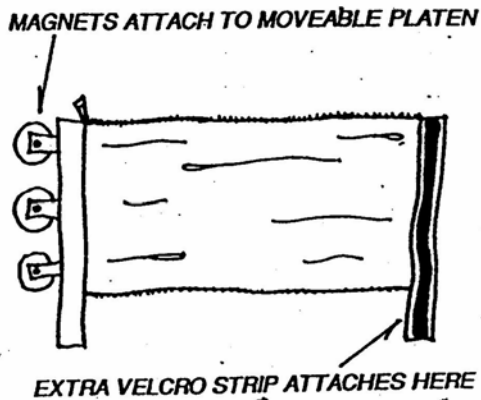

EACH TIE-BAR SLEEVE INCLUDES THE FOLLOWING HARDWARE:

- (3) Magnets
- (3) Screws/ Plastic Nuts
- (1) Velcro Strip

Step #1: Attach hardware and magnets to tabs on sleeve.

Step #2: Place extra piece of velcro on the tie-bar (stationary platen side) to secure in place.

Step #3: Magnets attach to moveable platen and velcro attaches to tie-bar on stationary platen.
