Tie Bar Sleeves

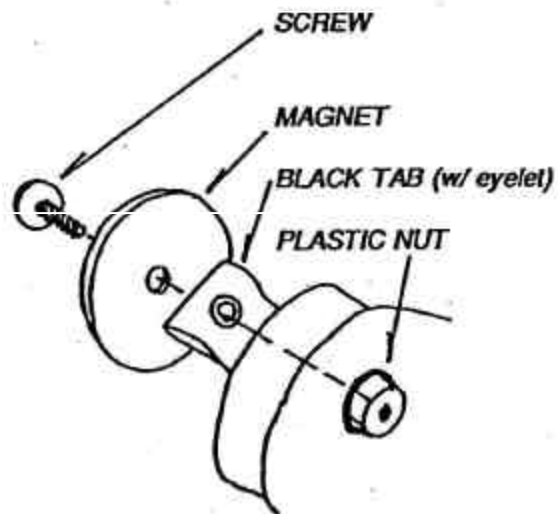

Tie Bar Sleeves shown in combination with Mold Side Curtains and Guideskirt

Tie Bar Sleeves - Inexpensive method to reduce contamination of molded parts while extending the life of tie bars and bushings.

Features zipper, Velcro, and magnetic mounting kit for quick and easy installation. Prevents molded parts from contacting tie bar grease.

Features:

- Protect tie bars and bushings from abrasive airborne particulates.
- Constructed of Nitrile coated cotton fabric.
- Custom made to any tie bar diameter.
- Provides a cleaner, more professional appearance at the press.
- Sized to the molding press, not individual molds.
- Opens and closes with mold stroke to provide continuous protection.
- Comes standard with magnetic mounting kit.

Shown in extended mold open position
